

**SUPPORTIVE
PARENTS**

The SENDIAS service for children,
young people and their parents

FREE course for parents/carers living in BRISTOL

'SEND & YOU'

Taking place over 3 consecutive sessions:
Wednesday 6th, 13th and 20th November 2019

10.00am - 12.00pm

Filwood Community Centre, Barnstaple Road, Bristol, BS4 1JP

Do you have a child with special educational needs or a disability (SEND)? Do you have concerns that your child may have SEND?

This FREE course is open to parents and carers *living in Bristol*. It is facilitated and presented by Supportive Parents' legally trained practitioners. It will help you to develop knowledge of the topic of Special Education, including relevant legislation, assessment and provision for children with SEND. Participants will also be supported to consider and reflect on their own experiences as parents of children and young people with SEND. The style of the course relies on group participation. The emphasis is less on learning specific facts than on developing the ability to know where to go for information and the confidence to do it.

Participants must be able to attend all three sessions to gain maximum benefit from the course.
